ProsperOps

Campaign Intelligence Briefing

42 Agency

2,700 Decision-Makers. 2,900+ Monthly Searches. Who's Reaching Them?

Your ICP is searching for cloud cost optimization and scrolling LinkedIn. Here's where the demand is and how to capture it.

2,900+	$35-55	2,700
MONTHLY SEARCHES	AVG. CPC RANGE	LINKEDIN IT LEADERS

1 Search Demand Analysis

KEYWORD	MONTHLY VOLUME	CPC RANGE	INTENT
prosperops	1,300	$4.36 - $17.81	Branded
cloud cost management	720	$15.11 - $61.24	High Intent
cloud cost optimization	590	$13.22 - $54.26	High Intent
aws cost optimization	590	$11.80 - $50.29	High Intent
finops software	70	$16.61 - $52.00	Category

2 Key Insights

Strong Branded Search

1,300 monthly searches for "prosperops" at $8.93 CPC indicates healthy brand awareness. Competitors are likely bidding on your brand - consider defensive campaigns to protect this traffic.

Premium CPC = Enterprise Buyers

$35-55 CPCs for category terms ("cloud cost optimization", "aws cost optimization") signal enterprise buyer intent. These aren't tire-kickers - they're ready to invest in solutions.

FinOps Category is Underserved

"FinOps software" has only 70 monthly searches but $52 high bid suggests valuable bottom-funnel traffic. Early movers in this emerging category term can capture disproportionate market share.

3 The Opportunity

Search + LinkedIn = Full-Funnel Capture

2,900+ monthly searches for cloud cost optimization terms at **$35-55 CPCs** indicate serious enterprise buyers. Combined with **2,700 LinkedIn decision-makers** in IT/DevOps leadership,

ProsperOps has a clear demand capture opportunity across both channels.
