vendor master data management	50	$15.00 - $45.00	High Intent

2 Key Insights

Solid Brand Recognition in Enterprise Procurement

480 monthly searches for "tealbook" shows strong brand awareness in the procurement space. Competitors may be bidding on your brand term — defensive campaigns can protect this high-intent traffic.

$106 CPCs = Enterprise Budget Holders

"Supplier management software" at $105+ high bid signals serious enterprise buyers. These are procurement leaders with 6-figure software budgets actively evaluating solutions.

Vendor Master Data = Underserved Category

Only 50 monthly searches but high commercial intent. This is a content/SEO opportunity to own the "vendor data quality" narrative before competitors do.
